

About child care connections

Child Care Connections is a child care resource and referral service. It is a non-profit community-based organization funded in part by Smart Start through the Cleveland County Partnership for Children. Our mission is to bridge resources and services for the sake of excellence in the child care environment in Cleveland County. We accomplish this mission by linking families, child care providers, and businesses through referral, information, education, and advocacy.

THE EARLY LEARNING RESOURCE LIBRARY

Child Care Connections offers to every member of the community a wonderful Early Learning Resource Center, also known as the "Resource Center." For a small annual fee, anyone can join. Membership offers families, teachers

and caregivers of children access to check out numerous resource curriculum books, children's books, cassettes, CD's, videos, and themed activity kits. This is a great way to introduce good learning tools to children and the opportunity to borrow different items continuously. With the membership comes access to some great equipment, including an Ellison Letter Machine, a laminator, and a copier. Each Early Learning Resource Library member is entitled to attend free workshops sponsored by Child Care Connections and a copy of the newsletter, "The Bridge." Each newsletter has a variety of age appropriate activity ideas and tips for working with young children. It also includes a copy of the training calendar and newsworthy items of interest for providers and parents.
